Customers remortgaging may be able to use the Switch & Save and Great Escape remortgage package. As part of the remortgage package, we offer a legal service via a panel of solicitors who act on our behalf only. The legal service is not available should a customer choose not to use the appointed panel solicitor. Customers will not pay for or receive a copy of the non-disclosed valuation report. Switch & Save™ products are generally only available to customers who have a mortgage with another lender (not Barclays or Woolwich), who want to move their mortgage to us and are not moving home. In the case of a remortgage where it includes, for example, a change of names on the mortgage or the first registration of unregistered land, customers are liable for any associated fees.

For Residential purchase applications with a property value up to £2 million and all Remortgage applications, customers will not pay for or receive a copy of any non-disclosed valuation report. For Residential purchase applications with a property value over £2 million please see the Tariff of Charges at [www.barclays.co.uk/mortgages](http://www.barclays.co.uk/mortgages). In order to confirm the most up to date rates available, please speak to our mortgage advisers for full details.

The Bank of England Base Rate (BEBR) is a variable rate set by the Bank of England. **BEBR is currently 5.25%.**

## Representative example:

A capital and interest mortgage of £179,995 payable over 300 months on a fixed rate of 4.52% for 2 years and then our variable tracker rate of 3.49% above the Bank of England Base Rate (currently 5.25%), for the remaining term would require 24 monthly payments of £1002.52 and 276 monthly payments of £1446.96. The total amount payable would be £424,435.44 made up of the loan amount plus interest and £899 (product fee), £80 (final repayment charge), £35 (completion fee). The overall cost for comparison is 8.2% APRC representative.

During an early repayment charge period, capital reductions within a set allowance can be made without incurring the charge. **The allowance for Premier exclusive fixed rates is 25% per annum (only applies for new mortgage applications from April 19th 2024 onwards), all other fixed rates are 10% per annum. The allowance for tracker rates is 25% per annum. For Offset mortgages early repayment charges are only incurred if the mortgage is fully redeemed within the charge period.**

## Features of our Buy to Let Mortgage Products:

### **Buy to Let Affordability:**

Barclays uses 1 of 2 methods to calculate affordability. Dependent on eligibility this will either be an Interest Coverage Ratio (ICR) or a detailed affordability assessment considering both personal and rental income. The income affordability assessment includes all relevant landlord costs, applicant level tax liability and is assessed against the Bank's affordability rate.

**LTV:** Loan to Value, this is based on the lower of the purchase price or our valuation. **Large Loans:** Buy-to-Let loans over £2million are not available at present. This includes rate switches on existing loans over £2m and existing loans where additional borrowing is required which will take the total loan over £2 million.

**Switch & Save™ remortgage package:** Our standard legal service will include solicitor's fees directly relating to the remortgage (registered land only) and Land Registry fees. It does not include any other legal fees, money transfer fees or additional fees incurred in connection with dealing with leasehold, shared ownership properties or registration fees relating to Sasine properties in Scotland. ## Features of our Residential Mortgage Products:

- You are strongly recommended to have life assurance in place to cover the full amount of all sums that you may borrow from us under the facility. Applications are subject to status and a minimum age of 18. Mortgages are subject to valuation. A first charge over your property is required. The mortgage is available on an interest only and / or repayment basis. For an interest only mortgage, it is your responsibility to ensure that you have sufficient funds to repay the mortgage at the end of its term. The minimum age for taking out a mortgage with Barclays is 18. Usually the maximum age at the end of the mortgage term should be 70 or your retirement age – whichever is sooner. Where the end of term date of the mortgage would be later than this for any applicant, applications may still be considered on an individual basis. Mortgages are not available for business purposes.

Charges and interest rates may vary and are correct at the time of going to print. All products are subject to availability and may be changed or withdrawn at any time without notice.

- The Offset & Tracker products which have an Early Repayment Charge (ERC) carry a Switch & Fix facility. ### **Fixed Rates explained**

- A fixed rate provides an interest rate that remains the same during the fixed period of the loan. After the fixed period of your loan our fixed rates revert to Bank of England Base Rate plus a margin;
- This gives you the peace of mind of knowing that your monthly repayment will stay the same for the period during which the rate is fixed, as long as payments are made for the correct amount and on time, allowing you to plan accordingly;
- An Early Repayment Charge may apply in certain circumstances.

### **Tracker Rates explained**

- All Base Rate Trackers are linked to Bank of England Base Rate;
- As the rate is linked to a variable rate, your monthly repayments may increase as well as decrease;
- This is the only product type available for "Offset" mortgages.
